## Shepherd Canyon Freeway Routing Gains Approval

Routing of a four-mile stretch between Moraga and Lafayette of the proposed Shepherd Canyon Freeway was adopted Tuesday in Sacramento by the State Highway Commission. This leaves part of the eastern leg of the freeway still to be decided upon, but state engineers expect a decision on the Shepherd Canyon-Moraga connection by early 1956.

Exact determination of the center line and the varying widths of right of way of the stretch approved Tuesday could take a full year, according to Herbert S. Miles, assistant district engineer. ACTUAL CONSTRUCTION of the four-lane road will have to await the availability of state funds. The four-mile section is expected to cost \$3,500,000.

It will depart from the Sacramento Northern tracks in the Reliez Station area and join Mt. Diablo Boulevard at Pleasant Hill Road. The beginning of the approved stretch is at Bollinger Canyon Road near St. Mary's College.

Provision for expansion to six lanes is planned by the state in this link between Moraga and Lafayette. In addition to connecting Oakland and Contra Costa County, the freeway will be an important artery for traffic to the

north, south and east. It has been designated as State Highway Route 233.

Only improvement group that had objected to the general routing was the Peardale Estates Home Owners Association. President Herber Shepard had previously explained that the routing "looks bad from a defense angle, since it connects with an already overloaded area around Lafayette and Walnut Creek."

Shepard's group had recommended rerouting of the freeway straight through Tice Valley from St. Mary's College to the Dublin-Walnut Creek Road.

Improvement groups whose areas will be affected by the routing, but which stand in general agreement include the Burton Home Owners Association, St. Mary's Orchard Improvement Association and the Glendale Improvement Association.

Assemblyman Donald Doyle carried letters expressing the views of those groups to the highway commissioners. Letters other than Peardale's emphasized that specific locations of overpasses, underpasses and access roads be discussed between engineers and home owners representatives prior to any final actions.

## Two Chamber Directors Named

Tom Horton and Walt Friberg have replaced George Bauslaugh and George Conner on the Board of Directors of the Orinda Chamber of Commerce.

This was announced at the board's gathering Tuesday, following the chamber's regular noon luncheon meeting at the Willows.

## Two Corrections For the Record

The Sun recently misspelled two names, and would like to correct them, just for the record.

Leighton DeMaeyer and Jim Tosteson run the fancy food, liquor and delicatessen department of Black's Market, 63 Moraga Highway, Orinda. They were previously reported as "Jim Tosteson and Yayton Leyer." Whew!

## Miramonte Students Hold First Dance

Students of Miramonte High School held that school's first dance last night in the new gymnasium of the Orinda campus.

The gym was decorated in a Spanish theme.

Students working on preparations for the dance were Sheryl Studley, Bill Klement, Mary Foster, Mary McFarland and Martin Smith.

## Brig. Gen. Moore Tells of Danger From Bomb Blast

Burst of a super A Bomb over Oakland would be most critical for Orinda during the months of June, July and August, the Orinda Chamber of Commerce was told Tuesday at The Willows.

Speaker was Brig. Gen. Rollin B. Moore, commander of the 14th Fighter Wing of the California Air National Guard.

He cited the prevailing winds of those months as chief reason for the critical period.

Brig. Gen. Moore also reviewed organization, duties and air defense methods of the Continental Air Command.

He said the role of the Ground Observer Corps becomes most important in conjunction with low-flying enemy bombers, since radar equipment is hampered by hills. The GOC could mean the difference between a one-hour and a six-hour evacuation warning.

The Midwest and East are as vulnerable as the Pacific Coast, the general pointed out. He added that regardless of defensive measures, some enemy bombers would get through in a mass attack. Those air tracks in the sky are practice intercepts, said Moore.

## New Equipment Will Eliminate Winter Overflow

Contract for installation of new equipment at Orinda Pumping Station went to W. K. Kendall of Sunnyvale with a bid of \$23,646.

The Kendall bid was the lowest of five opened at the September 15 meeting of the Contra Costa Sanitary District Board of Directors. The contract is for installation of equipment purchased previously.

Unsuccessful bidders were Danilo Podonovich, John H. McCosker, Inc., Morrell Plumbing and Fred J. Early Jr.

EXPANSION of the Orinda pumping plant capacity is expected to eliminate the district's winter storm overflow problem in that area.

The board advised delegate Valentine Brooks, that if Miner-Val residents have not undertaken sewerage of their area voluntarily by March 15 the board will institute assessment district proceedings in line with recommendations of the county health officer.

Terms were set at \$191 an acre as the pre-determined rate of processing annexation to the district of a new 20-acre residential tract on Diablo Vista Lane, Danville.

This is Tract 2189, just south of present Local Improvement District 30 boundaries.

DIRECTORS passed a resolution authorizing condemnation of property near Lacassie Avenue, Walnut Creek, for the district's proposed new office building, but will not use the authority unless normal negotiations fail.

Architect Leonard Ford was employed to draw plans for the new building. Ford previously has designed Walnut Creek's City Hall, Youth Center and Red Cross Building.

In line with the district's public information program, improvement clubs will get a letter offering district representatives as speakers at club meetings.

The State was granted an easement for a sewer line across district property behind Orinda Theater.

Another Report Of 'Peeping Tom'

A "peeping Tom" was reported Saturday to the Walnut Creek sub-station of the sheriff's office by Mrs. James S. Byers, 34 Donna Maria Way.

Sheriff's deputies are investigating the case, which may tie in with the previous report of a peeper by Mrs. B. T. Baker, 220 Longview Terrace.

## Moraga School Starts Bus Run

Moraga's "barefoot boy with cheek of tan" is riding a school bus today instead of walking well-worn trails through inviting orchards and fields and along wooded barrancas.

Moraga School, with an enrollment of 70 elementary school children, has started the first school bus service in its 85-year history.

This year there are three teachers, an additional instructor having been added.

## Sale Will Benefit Blind Kids' Camp

Orinda's Enchanted Hills group for the blind children's camp has planned a "white elephant" sale for Thursday, October 13, 2 to 4:30 p.m., at the new home of Mrs. Frank Tebbis, 59 La Espiral.

Tea will be served. Admission only one "white elephant."

## School Recreation Program Starts

After week-long preparatory steps, the annual recreation program of the Orinda School District will actually get under way tomorrow, Frank Isola, district physical education director, announced yesterday.

"The program will be in operation at all four schools," Isola said.

"During the regular school week, there will be supervised athletic play at the playgrounds each day after school, unless the weather doesn't permit it."

"EVERY SATURDAY—starting this Saturday—there will be craft classes, with Miss Shirley Fusch, an advanced student at the California College of Arts and Crafts, as instructor. She is a crafts specialist."

The Saturday craft classes schedule is:

10 to 11:30 a.m.—at Orinda School, for students from Orinda and Sleepy Hollow Schools.

12:30 to 2 p.m.—at Glorietta School, for students from Glorietta and Del Rey Schools.

ATHLETIC supervision at the various playgrounds during the week will be by:

PARADES ARE LOTS of fun, but plenty of work is required to make those beautiful floats which bring gasps of admiration to onlookers. Early this week members of Ygnacio Valley Girl Scout troops got together to start working on their Walnut Festival float at Heather Farm. ## Eight-Car Mishap Delays Drivers At Morning Rush

When heavy commuter traffic stopped on Mt. Diablo Boulevard nine-tenths of a mile east of the tunnel at 8:25 a.m. Wednesday, Walter Rising, 50, 837 Santa Maria Way, Lafayette, heading west, didn't.

His car struck the rear of another vehicle driven by Frank Sproppini, 41, pushing him into another car driven by Charley Hadenham, 33, 1510 Habod Lane, Orinda. This in turn pushed Hadenham into a car driven by Minerva Foster, 54, 1511 Hillgrade Avenue, Walnut Creek.

Meanwhile, Murray Kroskey, 16 Oak Court, Walnut Creek, came to a stop as he hit the rear of Rising's car. Manuel Fernandez, 35, then stopped in time. He was hit from behind by a vehicle driven by Joan Marie Vircheto, 21, 2325 Piedmont Avenue, Berkeley. This pushed Fernandez into Kroskey's rear bumper.

Thomas P. Meehan Jr., 32, 3789 Juniper Drive, Concord, struck Miss Vircheto's car.

California Highway Patrol officers determined that Meehan, Vircheto and Rising should be cited for following too close. The last traces of the eight-car accident did not disappear until 10:25 a.m.

## Nature Stingy On Free Drinks

Even though the weather has cooled considerably, Pop still has to mind that sprinkler system. Nature didn't help a bit during the week.

Thirsty lawns and plants are enjoying a little nightly dew, but still get their big drinks from the local property owner. Some day soon there should be a drastic change.

## Association May Separate Drives For Dues, Voting

By JULIUS ROSENTHAL

A new twist will be given to the Orinda Association's annual membership drive and election of directors this year, if desires of leaders of the organization are realized.

Officials are hoping that the two activities — the campaign for renewals and new payments of dues, and the election of board members — will be separated, instead of being conducted simultaneously as in the past.

This became apparent Monday night at the meeting of the association's Civic Affairs Committee in the Orinda School auditorium.

CHAIRMAN Paul Polaczek read a letter from Association President Robert Boyle expressing the hope that the membership drive and the election could be separated this year.

This met with favorable response from the Civic Affairs delegates, who decided to ask the association board to issue a letter to the community, in which accomplishments and tasks ahead for the association would be listed and in which an appeal for members would be made.

"We agree with President Boyle that the membership drive, which could be conducted from November 1 to 30, should be divorced from the election," Polaczek stated.

"ELECTION of directors should be held before December 15, as suggested by Boyle, so that the new directors can take office with the start of 1956."

Polaczek appointed Jim Denning of the Oak Springs Association, Harold Caldwell of the Sleepy Hollow Improvement Association and Bill Thurston of the Hacienda Improvement Association as a nominating committee, to select directorship candidates by November 1. Denning will serve as temporary chairman.

FIVE NEW directors are to be elected for two-year terms. They will replace Boyle, Treasurer John Ogden, Jean Henderson, Harold Rote and John Conley, whose terms expire at the end of this year.

Holdover directors, whose terms continue through 1956, are Carolyn Harrison, Frederic A. Sawyer, Mel Arighi and Clint Hallsted. Sawyer is the current vice-president, and Mrs. Harrison is the present secretary.

Boyle will serve next year as a director-at-large, a post assumed each year by the immediate past president. At present that position is held by Zach Montgomery, who will leave the board at the end of this year.

## New Flareup Occurs In PIE Controversy

### Five Hurt When Two Cars Collide On Mt. Diablo

Five persons were injured Tuesday night at 7:25 p.m. in a traffic accident on Mt. Diablo Boulevard three-tenths of a mile west of Orinda Crossroads.

John B. Parsons, 51, traveling west, apparently attempted a U turn in his 1955 Mercury to begin the trouble, according to the California Highway Patrol.

He struck an eastbound 1955 Cadillac driven by Buck Piona, 47, 2112 Danville Highway, Walnut Creek.

Swerving onto a bank to avoid hitting Piona from the rear was Orinda F. Brunkhorst, 5647 Miles Avenue, Oakland. He was driving a 1950 Studebaker.

Piona's wife, Rose, 33, suffered chest injuries, and his niece, Patricia, 26, suffered deep lacerations of the forehead and leg. Parsons, Piona and Brunkhorst received multiple bruises.

All were treated at Kaiser Foundation Hospital, Walnut Creek. Parsons gave his address as the Fairmont Hotel in San Francisco.

Two ambulances arrived on the scene. One was driven by W. B. Pomeroy of the Walnut Creek Ambulance Service, and the other by Roy E. Fuller of Lafayette. Officers are still investigating the mishap.

## Mrs. Van Meter Succumbs at 84

Mrs. Carrie M. Van Meter, a lifelong resident of Contra Costa County and member of a Lafayette area pioneer family, died last Saturday at the age of 84 at Stanford Lane Hospital, San Francisco, following a long period of ill health.

Funeral services were held Tuesday afternoon at Lafayette Cemetery, Methodist Church, with the Rev. Chester R. Lewis officiating.

Burial followed at the Hough family plot at Lafayette Cemetery.

Funeral arrangements were handled by the Chapel in the Valley.

MRS. VAN METER was born September 1, 1871, in Moraga Valley, the youngest of four children of Emma and Orlando Hough, early pioneers of this area, who came here about 1860 from New York State.

When Mrs. Van Meter was a small child the Hough family moved to a house located where the new Safeway store is now being built along the north side of Mt. Diablo Boulevard, east of Orchard Road.

She made her home there until she sold the property to Safeway Stores, Inc., three years ago. The old farm residence was one of the landmarks of Lafayette.

FOR 25 YEARS Mrs. Van Meter was postmaster of Lafayette. A separate, small building on her property served as the local post office.

In this same small building the first Lafayette public library was started in 1914, and Mrs. Van Meter served as librarian for 33 years, until 1947.

Mrs. Van Meter was a member of the Contra Costa County Historical Society.

She is survived by a nephew, Harold W. Hough of Ukiah, Calif., and four nieces — Mabel H. Darling and Ethel Hough of Yakima, Wash.; Esther H. Gray of Dunsmuir, Calif., and Hazel H. Rylander of Myrtle Point, Ore.

## That Long-Lost Hour Comes Back

Here's where you get back that hour you lost last April! Meaning, of course, that at 2 a.m. Sunday the time will become 1 a.m. Standard Time.

After five months, Daylight Saving Time bows out.

If you wonder how you can gain an hour by moving the clock back, the answer is simple: You get back that hour's sleep you lost in April. Or maybe you just stay up an hour later the night before.

Safest way to switch to Standard Time is to move your clock back one hour before you go to bed tomorrow night.

## Johnson, Women Planners Give Opposing Statements

Controversy over "keeping Orinda residential" flared to new heights this week as C. E. Johnson, executive vice-president of Pacific Intermountain Express Company, and the Board of Directors of the Contra Costa County Women's Planning Council issued opposing statements.

While the Women's Planning Council statement did not refer directly to the Pine Grove, where PIE plans to erect a \$750,000 office headquarters, it declared pointedly: "Our rural residential areas are being bombarded with press releases which apparently are timed to convince homeowners that large-scale commercial ventures will bring about tax reductions."

JOHNSON, commenting on the Orinda Association's Homeowners' Committee campaign to "keep Orinda residential" said: "Orinda will always be residential. No matter what happens at the Crossroads—and plenty will happen there when the area's population reaches its estimated 25,000—Orinda will always retain its beautiful residential character just where it exists today, and that is away from the Crossroads."

Public hearing will be held October 20 by the Board of Supervisors on the County Planning Commission's recommendation that provision for administrative office districts be added to the county zoning ordinance.

SUCH PROVISION would clear the way for action on PIE's rezoning application for its 10½-acre Pine Grove property.

The Homeowners' Committee, headed by William Penn Mott Jr., opposes establishment in Orinda of any business which does not serve the immediate needs of the local people.

The off-mentioned example of Greenwich, Conn., was cited again by both sides.

THE WOMEN'S Planning Council board stated: "Greenwich, Conn. (pop. 40,300) is one of the few communities if not the only community in the nation to actually do a balance sheet for every parcel of land in the town, weighing costs of government against taxes derived."

The monumental study shows that in Greenwich single family residences actually DO pay more than their share of the costs of government.

"To say that this proves that all homes pay their own way in local government would be as foolish as a recent generalization to the effect the 'homes can't provide a base for required government services.'"

THE PIE OFFICIAL said he had engaged Cliff May, nationally famous designer of ranch-style buildings, because he wanted a pattern "to set a pattern of high standards for local business structures that are certain to come to the Crossroads area."

"It is hard for me to understand how the Orinda people could possibly believe that Orinda would no longer be residential if the County Board of Supervisors sees fit to establish an administrative office building zone at the Crossroads," Johnson said.

"Our opposition has pointed to Beverly Hills and Greenwich, Conn., as typical examples of famous and beautiful communities."

"INDEED THEY ARE. However, the 'keep-Orinda-residential' committed spokesmen do not tell that Beverly Hills is 15 per cent commercially zoned, part of which is devoted to business offices, and that Greenwich has light manufacturing and is now in the process of setting up an administrative office zone classification for inclusion in their zoning ordinance."

Both of these communities realize that their residential reputation will remain intact while enjoying the homeowner tax relief offered by controlled business zoning."

Johnson added that statements being made by leaders opposing PIE's project "indicate an attempt to confuse Orindans with catch phrases and misleading implications."

# PH Machinist Buys \$160 Lot, Value Claimed \$30,000

Carl Borjesson, Pleasant Hill machinist, found a real (estate) "bargain" last week when he purchased in a Martinez tax sale what seemed to be an insignificant lot in El Cerrito for \$160.

To his amazement, and that of state officials, the small lot turned out to be located in the exact spot where a highway and the projected Eastshore Freeway are to join at 55th Street and Potrero Avenue.

ALREADY EARTH moving machines are burrowing into the earth, leveling it.

District Attorney Francis Collins, consulted by Tax Collector Robert Kinney, said he believed it a matter to be settled between Borjesson and the Division of Highways.

And that is alright with the new purchaser.

Borjesson told a Sun reporter Wednesday that he is "just recovering from the shock . . . and I have been assured that I have clear title to the land."

"IT APPEARS TO me that the land is enhanced by this development, and it is for sale for \$30,000."

He said he had not yet been contacted by the Division of Highways or any other state group.

The 25 by 90 foot lot is part of a larger tract supposedly bought by the state in 1942, but there is no record of the transfer, Borjesson said he was told. With that, the state took it from the supposed owner to settle delinquent taxes, and sold it in public auction to Borjesson.

"I've got a million dollars worth of publicity out of this, but that's enough, and it's for sale if anyone wants to pay for it," said the machinist, who works in Richmond but commutes to Pleasant Hill.

Since the inception of the Orinda Mothers Club in 1927, with members whose children attended the one Orinda Union Grade School, the Mothers Club has swelled in size proportionate with the advent of new schools. District schools will number five when the Pine Grove School is completed.

THE HOME OF Mrs. Frank W. Teasdel at 13 Virginia Drive will be the setting for the Glorietta tea on Wednesday, at which Mrs. Abe R. Doty will preside as chairman. Fifth and sixth grade mothers assisting Mrs. Doty are Mesdames Raffi Bedayn, Ed Winthers, Paul Catolica and James

Nelson, with Mrs. William Henning in charge of decorations.

Tea Committee Chairman Mrs. Beau Gunther will have as her committee Mesdames Paul Franklin Jr., Fred Neighbor, Carlton Block, Paul Slattery, Stanley Beresegen, William Brock, William Shepherd, Robert Boyle and Percy Dawson, with mothers from the fourth and fifth grades helping in hostessing and serving.

THE ORINDA SCHOOL mothers will hold their afternoon affair at the home of Mrs. William P. Gilmore, 35 Acacia Drive, next Friday.

Mrs. Clint Scarich, tea chairman, assisted by Mrs. George Hauer, room mother chairman, has appointed Mrs. Channing Kilburn in charge of decorations at the Gilmore home.

Christmas shoppers' delight will be a special booth featuring "surprise balls," uniquely designed masks, crayon cans and many small items for kiddies with a stray nickel to spend on such items as popcorn balls, candied apples and frosted cookies.

## Go to Church Sunday

### Community

"Release from Chains," the sermon to be delivered this Sunday by the Rev. Willis E. Wygant, will enlarge upon the thought that fear is a chain which binds and hinders, and from which man is released by faith in God and His teachings. Mr. Wygant will take his scripture reading from the Book of Luke, 12th chapter, 13-21 verses.

Mendelssohn's "Be Not Afraid" from the "Elijah" is the Chapel Choir's choice for the special musical offering at the 1 o'clock service. Don Popovich, organist and director of music, will play the following selections on the memorial organ, "Pastorale" by Faulkes, "To my loving God" by Hanff (1630-1706) and "Passacaglia" by Buxtehude.

Election of officers is slated for the Jr. Hi P. F. this week. Both Jr. and Sr. Hi groups welcomed large numbers of new members last Sunday and anticipate active programs. They meet at 5:30 and 6:45 respectively each Sunday evening in the Fellowship Hall for a recreational hour before holding worship in the chapel.

### Mormon

Due to a specially called session of church authorities in the Bay Area, the Branch Conference scheduled for last Sunday will be held this Sunday at the designated time of 1:30 p.m. in Orinda Community Church.

Dr. Milton H. Brinton's talk on "Tobacco and Cancer" will therefore require a postponement to Sunday, October 23, at 1:30 p.m., the first date on which Dr. Brinton will again be available. His talk was previously scheduled for Sept. 25.

## Pierce Suffers Heart Attack

Earle Pierce of 1114 Hillcrest Drive, well-known local realtor, is at Washoe Hospital in Reno, recovering from a heart attack, his mother-in-law, Mrs. Vera Howell of 953 Oakland Street, said yesterday.

Pierce and his wife, Claudia, flew to Reno September 4, intending to enjoy a couple of days' vacation there. That afternoon, an hour and 15 minutes after arrival in Reno, Pierce had a heart attack at the Golden Hotel.

He was immediately taken to the hospital, where he has been since then. At the time of his entering the hospital, he was expected he would remain there at least three weeks.

Mrs. Pierce has remained in Reno during her husband's illness. Pierce would appreciate receiving letters and cards from friends, Mrs. Howell said.

Pierce's real estate office at 3581 Mt. Diablo Boulevard has been open for business during his absence. Mrs. Howell has been caring for the two Pierce daughters, Sharon, 17, and Linda, 14, and has been managing Mrs. Pierce's store, Claudy's Sportswear, 3559 Mt. Diablo Boulevard.

## Letters to The Editor

Dear Editor:

A few weeks ago I wrote a letter to the editor regarding the Pine Grove problem. The Sun issue of September 2 carried a letter written by D. O. Collamer, which was intended as an answer to my letter. In its simplest terms, my letter took this position:

- The situation:
1. PIE owns the Pine Grove.
  2. Contra Costa County supervisors shortly will consider rezoning the Pine Grove to an administrative office zoning.
  3. Certain Orinda residents oppose any such rezoning anywhere in Orinda on the grounds that it will destroy the residential character of Orinda.
  4. The Pine Grove is now zoned for residential use exclusively.
  5. The Pine Grove is the dominant site of central Orinda.

This situation will resolve itself in one of two results:

1. If the administrative zoning is granted, PIE will use the Pine Grove in conformance to the zoning ordinance.
2. If the administrative zoning is denied, no one knows to what use PIE, Orinda or any other organization will put the Pine Grove.

IN MY LETTER I stated my belief that since the Pine Grove is admittedly the dominant site of central Orinda, what happens there is vital to Orinda's future.

Thus, I said if I were to vote today, I would vote for the administrative zoning simply because I know what I would be getting on the Pine Grove site. If I were to vote against the administrative zoning, I don't know what I would be getting on the Pine Grove site.

I would rather vote for known result; or, the other way around, I would rather vote against an unknown result.

I must add that I am fully aware of the possibility that if PIE gets in, other firms might try the same thing elsewhere in the Orinda area. However, I do not regard this as a fact, as Mr. Collamer states that it is. In any event, I'll vote on that possibility when and if it occurs.

I WAS VERY encouraged by the first half of Mr. Collamer's letter. Here was someone who had the courage and the common sense to face the real problem and to offer a solution—acquire the Pine Grove site from PIE and devote it to community use.

But the second half of the letter let me back down again. Instead of assuring me that his solution to the problem would be followed, he merely says, "Let us hope that enough foresighted, determined people will come forward and carry forth the work."

And then goes on for several paragraphs telling me how little good it would do Orinda to have PIE build on the Pine Grove, ending up by urging me to "get the facts."

I AM PERFECTLY willing to get the facts—that is just what I have been doing for several months now.

What I would like to see is those purporting to guide Orinda's destiny facing the very same facts they urge me to get.

And especially, to face the fact that PIE owns the Pine Grove. And to face the fact that defeating PIE does not give Orinda control of the Pine Grove. And to face the fact we are now talking about the immediate future use of the Pine Grove, and not some nebulous future commercial uses of other vacant land in the Orinda area. And to face the fact that if a practical, alternative use of the Pine Grove is advocated and prepared for immediate action, defeat of PIE is very likely.

WHICH BRINGS US back to Mr. Collamer's letter. He did indeed propose, as he stated, a "practical plan" for the community use of the Pine Grove site.

Now, all that is needed is for some one, or some group, to set forth the actual operation of the plan, its total cost to the Orinda taxpayer, the timetable, and state in unequivocal terms a guaranty that if PIE is defeated the community use plan will be carried

JOB'S DAUGHTERS of Bethel 218 will give a luncheon and fashion show at El Nido, Lafayette, October 1. Some of the committee chairmen gathered recently at the home of Barbara Jensen, general

through to a successful conclusion. If that is done, and if it is indeed practical and reasonable, then I will surely vote against PIE.

BUT REMEMBER, I must be told all this before I vote and not have my vote solicited on the promise to tell me some months later. Because if the plan isn't ready to proceed immediately, and the administrative zoning happens to be denied, PIE will sell the Pine Grove immediately. Then we are right back where we started.

It is worth the effort because if PIE is defeated and Orinda obtains the Pine Grove, then Orinda will remain residential for many years to come. If the administrative zoning can be defeated on a so eminently suitable site, then its defeat on other sites will be much simpler.

Thank you, Mr. Collamer, for troubling to answer my letter. I appreciate it and I sincerely believe you may be on your way to rendering your community an outstanding service.

YOU SEEM TO agree with the

statement in my letter: "Orinda can no longer afford the luxury of mere negation; Orinda must undertake the arduous task of positive affirmation."

If you can get the ostriches to lift their heads, stare the facts in the face, devise a practical and immediate answer to the Pine Grove problem, you may yet win my vote.

And if you win mine, I strongly suspect you will win many hundredfold more.

However, until you win mine, I equally strongly suspect you will win many hundredfold yet to win.

For lack of a better name, Mr. Collamer referred to me as "A.A.," which he meant as an abbreviation for "Anonymous Author." Despite its less attractive connotations, A.A.

## Christian Science

That righteous thoughts and actions lead to lasting health and happiness will be stressed at services Sunday in the Lesson-Sermon entitled "Reality" in Churches of Christ, Scientist, 1347 Locust Street, Walnut Creek, and Orinda Highway, Orinda.

Scriptural selections to be read include Paul's advice to the Philippians (4:8): "Finally, brethren, whatever things are true, whatever things are honest, whatever things are just, whatever things are lovely, whatever things are of good report; if there be any virtue, and if there be any praise, think of these things."

Correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (261:4): "Hold thought steadfastly to the enduring, the good, and the true, and you will bring these into your experience proportionably to their occupancy of your thoughts."

The Golden Text is from Jeremiah (31:10): "The Lord hath brought forth our righteousness: come, and let us declare in Zion the work of the Lord our God."

## Need of Funds Prevents Drop in Sanitary Taxes

The Central Contra Costa Sanitary District issued a statement recently to answer questions as to why it did not reduce its tax rate after the State Board of Equalization directed that assessed valuations in the county be increased 35 per cent. There is a feeling existing in the district that there should have been a reduction to compensate for the broadened tax base.

Why no reduction took place was explained as follows:

"Since 1951, the District has been faced with a critical situation brought about by inadequacies in its system and facilities. Certain of these deficiencies, namely the overflow situation from the Orinda Pumping Station, have created a health hazard which has been forcefully brought to the District's attention by the State Health Department, the Regional Water Pollution Control Board and the Health Department of Contra Costa County."

"THE DISTRICT has been well aware of the hazard that exists and has been doing everything within its financial ability to rectify these problems."

"The following is a tabulation by years of corrective work done by the Sanitary District, and a brief explanation indicating need for the work."

1953. Installation of emergency chlorinator equipment for the Lower Orinda Pump Station to sterilize overflow — Cost \$18,204.

1954. Sewer system correction, pump station modifications, Treatment Plant additions, construction plans for Treatment Plant expansion and pumping station in Orinda and Moraga, master plan for sewerage the District — Cost \$272,343.

1955-56. Money available, \$355,402. Items which must be built as soon as possible and a tabulated cost for these items are as follows:

"1. Digester installation at Sewage Treatment Plant to relieve condition of overload existing since 1953 — Cost \$120,000.

"2. Installation of sedimentation tank to relieve inadequacies in this phase of the Treatment Plant — Cost \$250,000.

"3. INSTALLATION of major pumping station at the Crossroads to eliminate overflow at Lower Orinda Station and make possible abandonment of Upper Orinda Station thereby reducing operations costs — Cost \$200,000.

"4. Installation of major pumping station in the Moraga area to replace three overloaded stations in the area with the resultant reduction in operating cost — Cost \$180,000.

"5. Provision of new office and service area to enable inspection and maintenance activities to be conducted in a more efficient manner with its attendant reduction in operating tax rate — Cost \$105,000.

"6. PURCHASE of pumping station site at Crossroads for installation of Crossroads station — Cost \$15,000.

"All of the facilities tabulated above must be built immediately. The amount of money available to do all of this work is not at hand."

The figures and facilities outlined above are urgently required and in no way represent the entire amount of construction that must be accomplished as soon as possible, but are tabulated to illustrate that the money derived through the increase in assessed valuation will be expended in a manner calculated to improve efficiency with resultant reduction in operating tax rate, correct overloaded facilities and partially expand overloaded Treatment Plant."

## Predictions Hold; Schools Show Enrollment Jump

Predictions of increased student enrollments in this area's elementary and high schools have been amply fulfilled, according to County Superintendent of Schools B. O. Wilson.

Figures show that there are 5000 more students in the county this year than at the beginning of fall classes last year. The boost is in part attributed to the hike in Lafayette, Walnut Creek and Orinda populations.

**WILSON SAID** this week that enrollments for the 1955-56 term in the Alacanes Union High School stands at 2,172 pupils, an increase of 15.5 per cent over last year.

The record is also imposing in the local elementary school districts.

Highest is an 18 per cent jump in the Alamo District, which now has 603 learners.

There are 3216 students in the Lafayette District, an increase of 14 per cent; the Orinda District has 2152, an increase of 13 per cent; Walnut Creek District's population is 3576, up 11 per cent from last year.

**THE MT. DIABLO** Unified District enrollment is almost 20,000, a 13.5 per cent growth since last fall.

Double sessions continue generally, said Wilson, but there is a decrease in areas where the building programs are stepped up. Fastest growing school is the Vine Hill Elementary School District in Martinez. Its 548 pupils show a one fourth gain in strength over last year's body of 434 students.

## Mrs. Bell is Speaker At Garden Club Tea

## Red Cross to Keep Drive Status Free of Crusade

Decision to continue an independent drive for funds next March rather than become a part of the United Crusades was announced Sept. 12 at the quarterly meeting of the board of directors of Mt. Diablo Chapter, American Red Cross.

Presiding at the meeting was F. E. Hayward, chairman of the board. On behalf of the chapter, Hayward congratulated fund drive chairman Robert I. Schroder and vice-chairman Lloyd King on the success of the emergency drive for flood relief in which Mt. Diablo Chapter raised 300 per cent of its quota.

**IT WAS BROUGHT** out that every dollar of the amount went toward flood relief through the Pacific area office.

Eldo E. Ewert, budget chairman, gave a financial report showing the sound status of the local chapter. Announcement was made by Mrs. Jack W. London, the purchase of a new station wagon and the sale of the old one.

Miss Nancy Jones, field worker from Pacific Area headquarters, San Francisco, was a guest speaker.

## Over 400 at Building Rites

Four hundred members and friends of the General Contractors Association attended the opening of the new association building, September 10, from 3 to 7 p.m.

Congressman John F. Baldwin officiated at the opening. Assemblyman Donald D. Doyle participated in the festivities as did the executive officers of the various affiliated organizations of the National Association of the Home Builders in northern California.

Earl W. Smith, El Cerrito, president of the NAAHB, and his wife joined in the recognition of the new association building.

The association building contains a suite of executive and staff offices in addition to a reception room and a conference room, the latter of which is to be used for board of director meetings and meetings with various governing bodies.

Garry Grover of Lafayette, president, has announced that the conference room will be available at a nominal clean-charge to various groups working in the public interest.

## Vikings, Vallejo Meet Tomorrow

East Contra Costa Junior College's gridmen will leave the county again tomorrow to meet Vallejo College's Redskins on the Indians' own reservation.

Hal Buffa's Vikings have their eyes on a decisive victory, following last weekend's 13-13 tie with an underdog Orange Coast team in Southern California.

Buffa noted that there was room for improvement in several departments, particularly in sustaining a drive within scoring territory. Line Coach Boschetti was pleased with the action of his two lines, but admitted he expects Vallejo to be fast and tough.

## About Our Happy Country Folks

By EDITH BOLMAN

### Battle of the champions (femme)

Golf from the Woman's Angle: The annual autumn artful answer to an athlete's prayer, feminine style, is the Orinda Country Club's Women's Championship Tournament to decide, beyond all question of a doubt—who is the lady with the mostest for the ball?

The champs who battled to find out who was the champiest were: Patsey and Debbie Smith's mother (Mrs. Ritchie) versus Mark, Stephanie, Jonothan and Thea Jensen's mother (Mrs. Stephen). They had slugged their way through the week knocking out various ladies until they, the two remaining in their class, met head on, Friday last, 9 a.m. Pacific Daylight Time.

They were off down the fairway, neck and neck. Mother Smith was wearing navy Bermudas and a dark blue top side. Mother Jensen was wearing stripes below, plain orange in the middle and a hat perched on the total.

The Smiths' mother has been a golfer of considerable stature with perfection of form and skill. The Jensen's mother is a lady of calm approach, great finesse and the ability to hit a golf ball a country mile. Sylvia Bolman's mother wanted to follow the match in order to give you a blow by blow account but was advised to stay home and not frighten the participants.

Anyway, it was mighty good golf and they came in with an 85 for the winner, Mrs. Smith, and an 87 for the runner-up, Mrs. Jensen.

Other scores were: Low gross, Mrs. George Parker with an 84. Low net, Mrs. E. R. Kinney with 91-14-77. Winner of the defeated class in the championship flight, Mrs. George Parker. First flight, Mrs. Jack Scammell; runner-up, Mrs. R. F. Hopkins; defeated, Mrs. Donald Watson. Second flight, Mrs. Edward Bergen, Mrs. Eugene Payne and Mrs. Allen Ayres. Mrs. Aubrey Sweet, Mrs. William Kilgo and Mrs. M. C. Green. Fourth flight, Mrs. Hugh McIntyre, Mrs. Thomas Nichols and Mrs. Phipps Rasmussen. Consolation prize went to Mrs. Perry Thomas.

### Some like to fish, others to chase

But some people like to fish. Mr. and Mrs. Mrs. Wilbur Boies managed to arise at some ludicrous hour like 5 a.m., when the still waters looked like molten gold, to fish at Painter's Lodge on the Campbell River in Canada.

The William Brock and Karl Schevill children slid around the waters at Inverness in El Toro boats—little one-man, eight-foot models—very sporty.

And some just like to chase ladies. Two of our local gentry who demand to remain anonymous were galavanting around Europe this summer. On the plane trip to Vienna they were flabbergasted to note their companions were a troupe of slim and alluring ladies with purple eyelashes.

Our local lads, not being used to that sort of thing, decided to find out how come. When the stable of lovelies was herded off the plane by a little man in a black homburg hat, our boys tagged along and discovered they were Dior models on their way to a fashion showing.

Thinking of their wives back home who should be appraised of Dior trends, they tried to crash the showing, only to discover two things—no tickets left—tickets sell for 18 bucks each—without lunch!

### Introducing new Junior League provisionals

New Junior League provisionals from our area—Mesdames John G. Campbell, John N. Clark, Harold Havre, Richard Kilner, Robert Rowe, Howard Stafford, Joe G. Sweet II and Donald Wells.

More late summer maneuvers—Fred Crawshaw roasting six hot dogs on six sticks simultaneously, to feed the hungry horde of young, at Silver Lake. Try that one sometime without ashes.

Hilarious hegira—to Wright's Lake by Mesdames Kendric Morish (hostess lady), Evers Holabird, Herbert Dwight and Beach Dean. If you ever want to negotiate a canoe you might make inquiry of these experts on the best method of ingress and egress without benefit of unplanned dunk.

And speaking of dunk—the following mothers assembled at the charming home of Mrs. Eugene Shurtleff to plan the fall program of Girl Scout Troop 86: Mesdames Fred Borden, Andrew Knudsen, Walter Boysen, Frank Wright, O. I. Losey, Robert Spott, Joseph Lang, F. A. Gillespie, Charles Baker, Boone Robinson Joseph Nocolet.

### Then comes the dunk episode

The proceedings were well under control (polite way of saying everybody was talking at once and the argument hadn't started yet). In fact the ladies were really sloshing-it-up (post-ten expression for happy chatter) as one dripping member of Troop 86 appeared at the door wearing, of all things, her mother's best crinoline, to announce she had fallen (or been pushed) into the pool.

The damp one's mother shot her one of those how-could-you-do-it-in-my-petticoat looks when suddenly there was the tinkling sound of water and better splash.

The system seems to be that if one member of Troop 86 goes in with her clothes on, so do the others. One of those all-for-one-and-one-for-all deal, no doubt—for the paid-up members, of course.

The meeting disbanded shortly thereafter with the damp troop members being shaken out, parked in the rear of various station wagons and taken home without benefit of a fall program.

## Double Mention For Isola Stork

"It's all very well for The Walnut Creek Sun 'Stork Club' to list the birth of our new baby, since we live at 110 Chaucer Drive, Pleasant Hill—but what about all my Orinda fans?" demanded Frank Isola, physical education director for the Orinda School District.

Mr. Stork agreed with Frank,

so he wrote the following for the information of the "Orinda fans":

"Born September 9 at Kaiser Foundation Hospital, Walnut Creek, to Mr. and Mrs. Frank Isola, a son, Darrel, weighing 7 pounds, 3 ounces. Darrel has a sister, Donna, 9 years old, and two brothers—Brook, 6 years old, and Barry, 21 months old."

## Children's Art Center Signups Next Friday

It's time again to sign up for the popular Saturday morning art classes offered by the Orinda Children's Art Center," Mrs. Spencer F. Arch, chairman, reminds Orinda families.

Registration will be taken next Friday from 10 a.m. to 4 p.m., at Gloriaetta School.

"Come early, as last year's classes had a waiting list of 30 children!" says Mrs. William Hagens, teacher contact chairman. STARTING October 8, classes will be held from 9 to 11:30 a.m. each Saturday in the all-purpose room at Gloriaetta School. All Orinda children from the fourth through eighth grades are invited to participate.

"They will be offered creative experience in all the different media of art," Mrs. Archer points out. "Teachers will again be provided by the California Colleges of Arts and Crafts."

THE ART CLASSES are on a non-profit, cooperative basis, with a nominal fee of \$3 charged for the cost of materials.

Other expenses are paid through sponsors' fees, the whole being a project which has provided art lessons for over 300 children in the community since the establishment of the Orinda Children's Art Center in 1949.

Also sponsored by the Orinda Children's Art Center are modern dance classes for children and adult classes for sponsors, which will be announced later.

## Letters to The Editor

Dear Editor:

I am an Orindan—now with the U.S. Army's 94th Armored Field Artillery Battalion here in Texas. As an Orindan, I've been following the "PIE problem" with great interest and concern.

To me, Orinda means Home—approximately 1880 miles away. I like to picture Orinda as the beautiful suburban community that it is, being among tree-covered rolling hills.

If the people of Orinda ever let light industry—executive offices or not—into their community, one of the most beautiful and potential suburban areas in the United States would be destroyed before it is ever given a chance to show its possibilities.

Orinda is a young community as far as development goes. Its fate lies in the hands of the citizens—you—the people of Orinda.

When I come home on leave at Christmas time, I expect to bring a couple of buddies with me. I'm proud of Orinda as it is—as it can be. I don't want them leaving with a bad impression.

My parents, Mr. and Mrs. D. Anderson of 234 Hall Drive, built in Orinda because it is the last exclusively residential suburban area left—as I am sure most other Orindans have. Although I've only lived in Orinda since last September, having left for the Army in February, I've come to think of Orinda as my only home.

Here in the Army, you're with men from all across the country—men all proud of their hometowns. But I know from my travels with the Army that few can approach the ideal living conditions which Orinda offers today. Let's not destroy this by letting industry into our community. Let's keep Orinda—ORINDA!

An Orindan, Lee Anderson U.S. 56256832 Btry. B. 94th AFABU 4th Arm. Division Fort Hood, Texas.

## Surprise Guests Keep Arriving

The Charles M. Hills had a succession of surprises recently when unexpected friends arrived. First it was the Rt. Rev. William F. Lewis, Bishop of the Missionary District of Nevada, and the Rev. Larry Rose, Dean of the General Seminary in New York, who stopped by and stayed for dinner. They were on their way to the General Convention of the Protestant Episcopal Church, to be held in Honolulu. They have been friends of the Hills since the 1930s, when they lived in Montana.

Next was Gary Tomb, a former Acolyte in their Parish in Victoria, Texas, and now in the U. S. Navy.

Then, joining in the Holy Communion Service conducted by the Rev. Charles M. Hill, came more friends from Victoria, Mr. and Mrs. I. B. Olin with daughter Marian and son Bobby, now stationed with the Navy in San Diego.

Mr. Olin is a choir member. Mrs. Olin was active in the Woman's Auxiliary and Bobby was an Acolyte with Jim Hill and later President of the Youth Group. Marian Olin was Don Hill's former Sunday School teacher in Trinity Church, Victoria, of which the Rev. Hill was Vicar. He had not seen them for over three years.

Later, Mr. and Mrs. Heinrich Schmidt dropped in from Sepulpa, Okla. Mr. Schmidt was a member of the Bishop's Committee of the Church of the Good Shepherd, while the Rev. Hill was its Vicar. They were visiting relatives in Oakland and stopped by to see their good friends for the first time in 11 years.

THIS IS YOUR community. Attend meetings, participate, vote. Read about what is happening.

## Around Acalanes

By KAREN HILLYARD

HI! SCHOOL has started and so has our column. But before we get too far into the old grind, let's see what some of the Dons and Donnas did during their few months of freedom.

Our spies reported seeing Mike Pond at Lake Tahoe looking like he was having a terrific time. Maureen Malvey went to Echo Lake for part of the summer and worked the rest of the time. Seems she had a ball. Seen at Bucks Lake and raising holy heck was Major Garland.

Sherry Hayman didn't do anything special except go out with her special, Fred Lincoln. (This isn't anything special?)

SHIRLEY CUTTER moved to Carmel and we all miss her. Pat Barrows said "the summer lived." Likewise for Diane Barrows, who worked part of the summer.

There must be something over in Hawaii, since Bob Long and Bob Johnson spent their whole summer there and really had a blast. Let's go, kids.

One eager beaver who worked all summer is Paul Cary. But hear say he had a cool time after work.

HAVING FUN in Eureka was Mary Palmrose. Marla Riddle sat around all summer but she said she had her kicks.

Rosemary Thrane did nothing in particular but everything in general. Wonder what that was?

# Suburbia Scribblings

By MARIE MONAHAN

**WRITTEN DOWN IN THE WKND. DATEBOOK . . .** The Aloha dinner party in honor of Mary Jo and Bill HARSHA at the William KEATINGS Sat. nite. . . The Keatings and the Ed LANDWEHRS co-hosting the evening for the couple who are winging their way to the Islands today for a late summer sojourn.

Ring the Keatings' doorbell on Oak Drive were the Rich MURPHY'S, Bob PRIDEMORES, Paul MOORES, Wayne LITTLE-JOHNS and the Beau GUINTERS. Doty and Beau, by the way, dashed off to Disneyland this week to fulfill a promise made the youngfry in the family who have been saving their silver like mad for mos. for this big occasion.

Lindsey and Ruth SPIGHT of Camino Pablo served sizzling sirloin steaks from their barbecue briquets Sat. nite. Passing the salad bowl and the peppermill back and forth were the Norm CUNNINGHAMS, Heber SMITHS, Ned SMITHS and the Les ROGERS.

For the Athens Club Picnic at Castle Rock Sunday, Dick and Carol LELAND and their Mickey and Kitty took along the SEAMANS, Fran and Jim/Wane, Gordon, and Kit, while Marion and Jess LONG drove to Scotts Valley near Los Gatos for the day for a real ranch-type barbecue.

**MARK IT OFF AS A MARVELOUS TIME . . .** Some 80 Orinda Oaks members gathered at the Stanton Avenue abode of Molly and Jack SULLIVAN for the annual neighborhood party Sunday last.

Having fun from 4 until — Jack and Merle SAUNDERS, Verna and Bill WILKE, Buzz and June GEANDROT, Althea and Cliff LECHTALER and Betty and John PEARSON, who all helped lay the groundwork for the successful annual soiree. Bobbie and Joe ELDRIDGE, Patsy and Gordon FRENCH and Jean and Skee BO-JARSKY were but a cornerful of the Oakers who attended.

Mrs. Herb Goranson and her young daughter VANDRA were look-alike in matching dresses when they greeted some 50 "Rotary Annes" (the spouses of the WC Rotarians) for afternoon tea last Saturday at the Goransons' Orinda Hwy. home.

**ADD IT UP TO EXPERIENCE . . .** for the Carl MUEKRS, who took to the Bear Creek Woods for a wknd. of camping w/3 Oakland families.

Rather than freeze to death, the eight adults and the nine children backtracked to Orinda to set up their camp in the Muekrs' backyard, deciding to finish the full wknd. in rustic style there. When the local therm hits a mean low Sat. midnight, the entire crew migrated to the Muekrs' living room to set up their sleeping bags.

With the exception of using the dishwasher (softies!), they roughed it and pretty much "stuck to their guns." The bkdy. camping proved so downright bucolic right at home, they'll do it that easier way again next year.

The Russ BUELL'S young son STEVE blew out his seven candles in the Circus Ring at the Peralta Playground last week and then treated his feller-friends to a full afternoon w/rides on the train and then on to Fairland.

A Happy B'day to Mike, son of the Sid Smyths of Valencia, who had his bag day, too, last week!

**PENCILLED IN ON THE MEMO PAD . . .** Visitors from Alaska at Art and Odette WEATHERBE'S home on Daryl Drive are Art's mother, sister and niece, who are here for a month's stay.

Another Alaskan recently here was Stan NEWSOM, formerly of Crest View Drive, who dropped in to see Mary and Paul BARRETT when down this way not long ago. . . Meredith and Al BURKE named their new baby girl, Pamela Gail.

Proudest of all parents, and VERY much surprised when the Park Pool passed out trophies and awards to the swim team Sunday, were Laurie and Chuck KERSTEN. Thanks to Mike's and Diane's sportsmanship and swimability, two tall gold trophies now grace the KERSTEN mantle on Canon Drive. (One gold for each twin to keep polished, we might add!)

Among the Mainliners who went Native at the colorful Hawaiian party at Orinda Country Club on the night of September 10 were the Harry PECKS who entertained pre-party time at their Sleepy Hollow home for the Joe DOWNS, Bob HAMPTONS, DON BONARS, Nels HAMBURGS and Dr. and Mrs. Arthur LUNDBLAD. The George MERLIAMS were there, June striking in a shortened white muumuu and wearing a red lei. The Bob HOYTS chatted w/the Dan CARTERS. . . Sporting Hawaiian shirts and cocoa straws w/their wives in cool cottons and matching colored leis were the Allen WADDELLS, Bill SHEEHANS, Charles PHILLIPS, Fred FEDERIGHIS. . . The Hank DONOVANS and the Kenneth ST. CLAIRS also hosted gatherings before the club festivities started. Everyone's comment, "A Beautiful Party," and they all hated to say Aloha when it ended!

**CHALK IT UP for the first school social in your date book! The Welcome Teas for the Orinda Mothers' Club. . .** Dust off that fall chapeau and polish up your best bag and circle the date for your particular school's tea, since each school will have a separate one this year.

Incidentally, you'll note we've dropped the "summer" part of scribblings. The column will continue into Fall as part of the Orinda Mothers Club publicity program. It will be YOUR column—about you, your neighbors, your kids and your crowds. If you take in the theater or dine a deux at some special spot, we're not nosey. . . we just like to earn money for the Mothers' Club and we'd like to capsule it for the column, so let us hear what YOU'RE doing. Every little bit helps since it isn't as if we were Hedda and had nothing else to do but track down the trapezists and gadabouts, so do tell us, Thanks! School's Out, Here They Come!

**TAX EXEMPT STATUS:** In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax laws, either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Bureau of Internal Revenue or by the decision of any Federal Court the successful bidder may at his option prior to the tender of said bonds by the Board of Supervisors, be relieved of his obligation under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

**LEGAL OPINION:** The legal opinion of the following firm, approving the validity of said bonds, will be furnished to the successful bidder without charge: Orrick, Dahlquist, Herrington & Sutcliffe, Attorneys at Law, 405 Montgomery Street, San Francisco 4, California.

**TERMS OF SALE** **HIGHEST BIDDER:** The bonds will be awarded to the highest responsible bidder or bidders considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the

amount of the premium bid (if any) from the total amount of interest which the District would be required to pay from the date of said bonds to the respective maturity dates thereof at the coupon rate or rates specified in the bid and the award will be made on the basis of the lowest net interest cost to the district. The lowest net interest cost shall be computed on a 360-day year basis. The purchaser must pay accrued interest from the date of delivery of the bonds to the date of delivery. The cost of printing the bonds will be borne by the district.

**RIGHT OF REJECTION:** Said Board of Supervisors reserves the right in its discretion to reject any and all bids and to waive any irregularity or informality in any bid.

**PROMPT AWARD:** The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than 24 hours after the expiration of the time herein prescribed for receipt of proposals; provided that the award may be made after the expiration of the specified time if the bidder shall not have given the Board of Supervisors notice in writing of the withdrawal of such proposal.

**DELIVERY:** Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of said County as soon as the bonds can be prepared which it is estimated will be within 30 days from the day of sale, but not prior to November 15, 1955.

**RIGHT OF CANCELLATION:** The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery within 60 days from the date of sale thereof, and in such event the successful bidder shall be entitled to the return of the deposit accompanying his bid.

**FORM OF BID:** All bids must be for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with the bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of said County, and endorsed "Proposal for School Bonds of Orinda Union School District, of Contra Costa County."

**BID CHECK:** With each bid must be submitted a certified check or cashier's check for \$15,500, drawn on a bank or trust company transacting business in the State of California, payable to the order of the County Treasurer, to secure said School District from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition bidders are requested (but not required) to supply an estimate of the total net interest cost to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the District. Checks of the unsuccessful bidders will be returned by the County Clerk by mail, upon the award of the bonds. No interest will be paid upon deposit made by the successful bidder.

There is no controversy or litigation pending or threatened concerning the validity of the above issue, the corporate existence of said District, or the title of the officers and their respective offices and the Board of Supervisors will deliver to the successful bidder a no-litigation certificate certifying to the foregoing as of and at the time of the delivery of the bonds.

We have examined the respective balance sheets of the East Bay Municipal Utility District's Water System and Special District No. 1 as of June 30, 1955, and the related statements of revenues, expenses and contributions for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. In our opinion, the accompanying balance sheets and statements of revenues, expenses and contributions present fairly the respective financial positions of the East Bay Municipal Utility District's Water System and Special District No. 1 at June 30, 1955, and the results of operations for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

## Dons Trowned by Piedmont, 27-0

The Acalanes Dons had a rough and ready go of it in the season's opener last Friday night when they dropped a 27-0 decision to the high and fast stepping Piedmont Highlanders at Piedmont.

The Dons were off to a bad start when they lost the ball on a fumble on the first play of the game.

The Piedmont team took over on the 30 and in five plays chalked up 6 points, with half-back Bud Crist cashing in on a run from six yards out.

THE PIEDMONT team scored again in the first quarter and made it 13-0 with a conversion kick by Jim St. Clair.

The other touchdowns came when fullback Skip Huber ran 24 yards in the second quarter and 33 yards in the third, with St. Clair adding both placement boots, making the final 27-0.

The Acalanes team found it difficult to cope with the Piedmont eleven on the ground and in the air with six pass interceptions and four fumbles adding to their woes.

THE ACALANES team showed the effects of no spring practice such as Piedmont had, and, with a limited offense, had their troubles.

All 33 squad members saw action.

Bright lights were the running and defensive work of Gary Arel, the hard running and tackling junior left half.

Harold Ecklund, junior half, looked to advantage as a defensive half, and Mike Barrett, senior safety man, played some good ball, particularly on pass defense, as did senior halfback Alden Robertson.

In the line, senior end Pete Valla did some good defensive work in the second half, while senior center Fred Arbogast played a steady, all around game.

## Knights Topple Indian Eleven By 18-0 Count

The Las Lomas Knights made their season's opener a bright one when they toppled the John Swett Indians, 18-0, at Crockett last Friday afternoon.

Paced by their hard-running fullback, Don Ogden, who scored all three touchdowns, the Knights had things pretty much their own way.

Ogden scored in the second quarter when he banged over from one yard out to climax an 18-yard push.

THE KNIGHTS wasted little time in getting score number two when End Joe Silva recovered an Indian fumble on the Swett 13-yard line and once again Ogden wound up the series of plays by going over the end stripe from one yard out.

In the third period neither team scored, and then in the final period of play Center Webb Johnson recovered a Swett fumble on the Indians' 21-yard line and Ogden got back into what was fast becoming a familiar scene as he drove over from two yards out.

All three conversion tries missed, and the game wound up 18-0 when neither club scored the rest of the way.

THE KNIGHTS showed a gain of 131 yards, with Ogden bearing the brunt of the attack as he toted the ball 22 times.

Swett had but 58 yards to show on the books, with Las Lomas posting nine first downs to Crockett's three.

Outstanding linemen for the winners were Johnson, guards Bruce Anderson and Herb Foster and tackles Bill Stott and Wally Busch.

### Prep, Collegiate Football Gets off to Season Start

By ERWIN MATTON

Football in the prep and college style got off to a start last Friday and Saturday, with thousands of Bay Area fans taking in the games on tap.

College ball in the local area had but one game to offer—College of the Pacific and Stanford, at Palo Alto, playing before a sparse collegiate crowd of 30,000.

Part of the lack of attendance can be attributed to the fact that Stanford isn't in regular session as yet.

This week it's California's shaggy Bear versus Illinois, and it looks like nothing but trouble, as the Big Ten has proven to be rough and ready foes.

Stanford plays a night game at Portland with Oregon State furnishing the opposition. Chances are the lights will bother the Stanford Indians more than Oregon State.

IN THE PREP CIRCLES the only local team to come out on the long end of the score was the Las Lomas Knights, who tripped John Swett, winning by three touchdowns.

The Dons got topped by a slick-running Piedmont eleven, Pleasant Hill lost a toughie to Alhambra, and Mt. Diablo was walloped by Alameda.

Surprise of the week was the loss by Pittsburg to Encinal, a new Alameda school.

Scouts' reports show that Pitt looks to lack the dazzling speed they have sported the past few years.

Don't be too quick to conclude that Pitt is down and out.

Pittsburg has come up off the floor before, and, knowing Tony Knap, you can depend on workouts coming hard and heavy.

Antioch was impressive in its first outing and looked in mid-season form, and as a result is looked upon as the team to beat.

THE FIRST GAMES did prove that it's tough for clubs without spring practice to beat teams that have it.

The Alameda County Athletic League did modify its spring sessions, as no pads were allowed—but it did enable coaches to do a tremendous amount of work on such things as timing of plays, pass patterns, positioning of personnel, installing defensive setups and numerous other details all of which clear the decks for active work once the fall season opens.

Chances are that if the local county teams were to face the same clubs in three or four weeks, results would be much closer, if not reversed in some cases. Freshman football is being played on an informal basis for the first time in several years, and a good and large crop of frosh should make for a good season.

The teams will play modified quarters, and chances are that coaches will use a lot of players in order to get a good look at the crop from which will come the varsity and junior varsity elevens of tomorrow.

The local circuit on a frosh level will consist of clubs representing Miramonte, Las Lomas and Acalanes.

LAST WEEK at the Las Lomas-John Swett game I witnessed a humorous incident—the sort of thing that sometimes crops up in "that first game of the season."

The game had been going on for

several minutes when it was discovered that no one was keeping time on the game. In fact, there wasn't even a clock on the field.

Embarrassed officials called time while a timepiece was sent for. It was decided that three minutes had passed—but in the confusion the timer set the clock with but three minutes in the quarter, so the game actually was short-changed, as far as the time element was concerned.

The way the game turned out, it probably kept Las Lomas from making another score.

THE WORLD SERIES will soon be taking the spotlight, and no doubt a number of local area people will be going back.

Arthur "Red" Gillham and John Jones, local Little League and baseball in general enthusiasts, will be making the trip via the air line.

Included in the party will be young Gillham, better known as Bob, and Manzanita Wilson, sister of "Red," who has been transportation and ice cream provider for a many a local junior leaguer.

It couldn't happen to nicer people, and everyone will be waiting for a first-hand report upon their return.

Bon voyage!

Pandorans Meet

Orinda's Pandora Chapter of the Children's Home Society held its first fall meeting Monday at the home of Mrs. George Hemminger, 3950 Rancho Road, Lafayette.

Four new members were welcomed at the luncheon meeting: Mesdames Robert Hendricksen, Andrew Knudsen, Dwight Skaggs and John Sullivan.

## Knight Eleven Plots Amador Ambush Today

The Las Lomas Knights, hearty and hale after a refreshing 18-0 win over the John Swett Indians, figure to be ready and willing to add win number two when they host the Amador Dons in a 3:30 p.m. game today.

Coach George DeKlotz has been running his Knights through basic maneuvers all week, and outside of a few new defensive wrinkles, has added little that's new.

THE KNIGHTS' main problem looms as lack of depth but that had no effect the past week as they came out unscathed from the Crockett game and all hands will be on deck for the Amador tilt.

Don Ogden was the big gun last week as he tallied all three touchdowns while carrying the ball a grand total of 22 times.

Don Schuppert looked to advantage from his halfback spot and should help in the ball carrying department this afternoon, as he gets a bit of added experience under his belt.

VETERAN JOE Silva at end figures to cut a wide swath with both his defensive and offensive play.

## Four Select 19 Pigskin Winners In Week's Test

Merchandise orders for \$3.75 went to four entrants in last week's Diamond K Supply Football Contest. The \$15 prize for picking 19 winners out of a possible 20 had to be split four ways.

The quartet of winners included: Paul Dekar, 1929 Meadow Road, Walnut Creek; J. Hovey, 3107 Windsor Place, Concord; W. J. Toasperm, 2209 5th Avenue, Concord; and Steve Lamphere, 770 Los Palos, Lafayette.

All together there were 78 legal entries plus three postmarked after 11 a.m. Saturday.

Hitting 18 games on the nose, and winning a 72-cent chunk of the \$5 prize were W. R. Regan, 4 Romona, Orinda; Ward Johnson, 1645 East Street, Concord; R. V. Thompson, Route 2, Box 211, Martinez; R. H. Taylor, 3248 Sweet Drive, Lafayette; Bill Peder, 4163 Mt. Diablo Boulevard, Lafayette; C. E. Wayland, 1014 Doiores Drive, Lafayette; Dave Howell, 248 Jeanne Drive, Concord.

If you can select 20 winners in this week's contest (see Diamond K's ad) you'll receive a \$25 merchandise order.

## League Play Will Follow Trio of Practice Games

Next week finds all of the Contra Costa prep elevens in action as they wind up the last of three practice games prior to league play, which opens October 7.

Coaches will still be experimenting and shifting personnel in order to be ready for the crucial league openers on tap.

Next Friday, Las Lomas tackles the Albany Cougars at Albany in a 3:30 p.m. game.

The Acalanes Dons and Pleasant Hill Rams show under the lights, with the Dons hosting the Alhambra Bulldogs and the Rams meeting Liberty High at Brentwood.

Both are 8 p.m. games.

## Bulldogs Edge Ram Team, 12-6

The Pleasant Hill Rams lost a 12-6 toughie in their opener with the Alhambra Bulldogs last Friday night at Mt. Diablo High's field at Concord but showed that they are definitely on the upgrade, particularly with a defensive unit that displayed flashes of brilliance and a willingness to tackle with the best of them.

The game was even—seven down to the wire, with the issue only decided in the third quarter — and then when the Rams were set back by a fumble and a 15-yard penalty.

A grand total of 22 penalties slowed the game down, with Alhambra dropping 90 yards on 12 penalties and the Ram going back 100 yards on 10 penalties.

ADDING INTEREST from a spectator point of view was the fact that the ball was exchanged nine times via the fumble and recovery route.

Alhambra scored in the second and third periods but failed to convert on either try, to take a 12-0 lead going into the final quarter.

IN THE FOURTH quarter, Ram Guard John Turner blocked an Alhambra punt, and when the Rams recovered on the Bulldogs' eight, Fullback Jim McMillan, who had been a standout all night long, drove over right tackle on the first play, to score.

The conversion try failed, and the game wound up 12-6.

Junior Quarterback Al Locatelli of the Rams stole a bit of the spotlight with his top play at the down-under spot.

'Plain and Fancy'

Mail orders are now being accepted at the theater.

## PH Rams Tackle Encinal Jets This Afternoon

The Pleasant Hill Rams gave the Alhambra Bulldogs all they wanted in the way of opposition last Friday night but the job facing them this afternoon looms a lot bigger and tougher as they run up against the Encinal Jets at Alameda at 3:30.

The Jet eleven proved to be a formidable one last week when they ran and passed their way to a convincing 19-6 win over Pittsburg.

Encinal's strength is shown by the Pittsburg statistics, which gave them 11 first downs to Pitt's nine and a 237 to 142 in the yardage department.

RAM COACH Hal Briggs is particularly optimistic regarding his club's defensive play, and it could stand them in good stead against the smooth-flowing Jets.

Fullback Jim McMillan figures to be the center of the Ram offense, and chances are he will rack up a good many yards before the afternoon is over.

TWO CHANGES in the Ram lineup find Jon Lockwood, a junior, ousting another junior, Bob March, from the starting left half position, and junior Al Locatelli likely to move in at quarterback on the basis of last week's play.

Week-long workouts have stressed offensive maneuvers, on the basis that the defensive unit is ahead of the offense.

## 'Going to School' Is Job For Parents to Do, Also

With our children in school, it's time for us parents to go to school, too.

That statement is meant more in a figurative sense than in a literal sense.

What we mean is that, as parents who want to see that our youngsters get the best in education, we should join our local PTA, Mothers Club, Dads Club or Parents Club — and participate actively in it.

Such identification is far more than merely being a "joiner."

It serves as a vital link between school authorities and the home.

Activity in organizations of parents really serves a threefold purpose:

1. The school authorities (trustees, administrators, teachers) need your help.

2. The children require the added security of knowing that their parents are deeply interested in their school-work.

3. You, as parents, need it — so that you can intelligently and sympathetically understand the problems of your children and of the schools.

The social aspect of organizational activity is of genuine warmth and neighborliness.

Getting acquainted with the schools and their problems also involves attending school board meetings.

It means, too, going to the room gatherings at which parents meet teachers during the early weeks of the school term.

Also, it means attending such functions as Open House during Public Schools Week in the spring.

In short, it means being active, school-conscious parents of active, school-going children!

## What They Say Space Equipment Is No Protection

Although Johnny may be toggled out with ray gun and plastic helmet, he still has to be careful about lingering too long in the middle of the street, let alone in the airless regions of outer space.

Some guy may come along as if he's behind the controls of the Jupiter-Earth Express, and Johnny's perils can become greater than if he lived in the rocket age.

OUR RESEARCHERS began contemplating the problem of careless driving on residential streets, and decided to ask a group of people what could be done about it.

This is the question they asked: "What do you think should be done to bring about slower, more careful driving in residential streets of our area, so as to make conditions safer for the children?"

Just get out there and holler at the driver," replied Mrs. John T. Turver, 3303 Walnut Lane, Lafayette. "I and some of my neighbors don't think this is too crude, but rather the approach that will do the most good. What else can you do? At least we can show the way we feel by voicing our displeasure."

MRS. W. J. DODSON, 109 Meadow Lane, Orinda, said: "We would be most interested in having school buses go slower for the benefit of pre-school children. I think a discussion with the school authorities would be the best idea."

"People who don't abide by posted signs ought to be arrested," was the remedy suggested by Mrs. W. W. Sampson, 1473 Rancho View Drive, Lafayette.

Mrs. Joe McClary, 19 Los Amigos, Orinda said: "Stricter enforcement of traffic laws would help."

MRS. RAYMOND ROWE of 2036 Walnut Boulevard, Walnut Creek, cited her neighborhood as one of the problem areas, but felt that "drivers are being a little more cautious now that school has begun."

"There are very effective posters on the telephone poles, but people keep tearing them down," Mrs. Rowe hoped the posters would remain up for the safety of the children.

She added, "They have also lowered the speed limit from 35 to 25 miles per hour in our neighborhood."

Mrs. Richard Bruno of Walnut Creek said that where she lives at First Avenue and Hall Lane was especially bad. "The signs don't seem to do a bit of good; the cars whiz by. I think the only thing that would slow the cars up would be to break deep holes in the road to necessitate their slowing up."

MRS. JACK INNIS of 31 San Luis Court, Walnut Creek, also felt that huge chuck holes of deep dips would be the only answer. She said, "Signs just don't help; the cars go by at an excessive rate of speed. Other than training the children to keep clear of the roads I don't know what can be done."

She added, "There are those who don't learn until something dreadful happens."

"The problem is so bad out here that I could throw stones at the cars that speed by," said enraged James Garrett of 154 Hazel Drive, Pleasant Hill. "And believe it or not it isn't the teenagers but housewives with kids in the car that go as fast as 40 in a 25 mile per hour zone. There are no signs out here but they wouldn't be any good. It takes public education. If people only knew the distance required to stop a car in an emergency they would slow down considerably."

Garrett, an accident investigator, added, "Frankly, the best solution would be big dips in the roads at regular intervals."

## Letters to The Editor

Dear Editor:

Perhaps some businessmen do not realize that having attractive shops — with trees and plenty of parking — will both attract and hold the kind of permanent customers they are after.

Word of mouth, advertising, steady customers and a town known for its good points and dependable growing and zoning are certainly a more stable basis for a business than a town with a reputation for bad spot zoning, stores blossoming with signs aimed at transient motorists, and disgruntled residents who feel some builders and businessmen misuse the word "progress" to mean anything for a fast buck, with no thought to the future.

The businessman should certainly be vitally interested in why people move here and do his best to see they get what they want.

Good stores and trees and country atmosphere can be compatible.

J. Whitaker,  
3588 Hamlin Road,  
Lafayette.

Dear Editor:

The Association for Progress and Improvement of Contra Costa County has lauded the County Planning Commission for approval of administrative office districts under a proposed zoning ordinance.

As quoted in the Oakland Tribune, Mr. George Weise, president of the association, said: "The county needs the type of land use this zoning provides in order to broaden district tax bases while maintaining the suburban character of land areas."

The only flaw in Mr. Weise's remark is that it isn't necessarily true for this county as a whole, and for certain proposed areas in particular.

I respectfully refer Mr. Weise to the letter printed in the Lafayette Sun September 9, 1955, regarding the tax base. This letter was sent in by Mr. James Hupp.

I also refer Mr. Weise to a very excellent publication entitled "Planning for Growth," put out by the California State Assembly, and in particular to Page 51 of this book.

Can we not have more of the truth, the whole truth, and nothing but the truth?

### Travel on Maniacs' Boulevard

Although I have no statistics to corroborate it, I would guess there are fewer accidents on Mt. Diablo Boulevard these days as the amount of traffic increases. The reason is simple. There are so darn many cars that speeding has been reduced substantially. That's putting it mildly to you who drive bumper-to-bumper at 10-miles per hour each day.

Yet, judging from accident reports we print, I know three are still enough dented fenders and bandaged heads to worry anyone who has to travel what has been called Maniacs' Boulevard.

What can be done about it? A trite but true answer: Be alert and drive carefully. Another answer is to follow the advice given in campaigns by the Commuters Association and The Sun — join or organize ride groups or travel by Greyhound.
